## 2009 NAPA VALLEY CABERNET SAUVIGNON

Our 2009 Napa Valley Cabernet Sauvignon is crafted to highlight the best qualities of our estate vineyards. Dark, rich and extracted, this wine has aromas of cassis, black cherry and currants. Balanced oak nuances add both a sweetness and roundness to this aromatic and powerful wine.

### VITICULTURE

The 2009 Turnbull Napa Valley Cabernet Sauvignon is sourced exclusively from our estate vineyards. The soil type in each of our vineyards contributes its individual character to our final estate blend. Each soil type and microclimate demands unique farming techniques to obtain the most character from each site. Different levels of crop thinning, leaf removal, irrigation, and trellis system are applied, depending upon the conditions.

**Production:**  
10,000 750 ml cases

**Retail Price:**  
\$40

375 ml and 1.5 L also produced in limited quantities—inquire for pricing

### WINEMAKING

Each vineyard block is vinified separately in small stainless steel tanks. The wine is then barreled down into discrete barrel lots and aged in 40% new French Oak barrels for twenty months.

### THE RESULT

Extraordinarily complex, while amazingly rich and smooth in the mouth, this wine offers superb richness and balance, which builds in intensity. The huge finishing fruit coats the entire palate.

### APPELLATION

Napa Valley

### ALC.

14.5% by volume

### BLEND

80% Cabernet Sauvignon  
5% Cabernet Franc  
5% Merlot
